Appreciating the Past, Celebrating the Present and Inspiring the Future

Dear Reader

We are immensely pleased to present to you this special issue of The Rosarian 2017-18 'Backing The Future For 60 Years ...' Each issue of our school magazine showcases our zest for positive growth, crystallizes our imaginations and gives life to our thoughts and aspirations.

This is a special time for all of us at Rosary School as we celebrate our Diamond Jubilee, which marks yet another milestone in the history of our school. The sixty years of devoted service and commitment to society has been the motto of all principals, teachers and staff, who have been the architects and have sculpted thousands of students. This jubilee year, may we continue to let our light shine and celebrate many more milestones as we move ahead on this journey of excellence.

Thus, this 'Diamond Jubilee' issue is special and an articulation of the rich culture of the school. Our budding writers have put across amazing pieces of writing, displaying their creative thinking and writing skills. They have converted their thoughts to text and their emotions reverberate in their articles and poems.

We pride ourselves in helping our dear students to grow and develop into sensitive and responsible citizens of tomorrow, who believe in giving back to the society in one way or the other. Thus, endorsing the words of Mahatma Gandhi, "The best way to find yourself is to lose yourself in the service of others."

We would like to extend our sincere thanks to Principal, Rev. Fr. Vincent D'Souza for his constant support and guidance. We also thank the students and teachers of the English and Hindi faculties who have contributed in bringing out this sparkling, historical library edition of The Rosarian-2017-18.

The “Shashti-purti” of Rosary Sr. Sec. School, Radio Colony, Kingsway Camp, Delhi -9 is indeed a great milestone in the history of this venerable institution of the Archdiocese of Delhi. I am sure there will be thousands of old and present students and staff connected with this institution who are proud to call themselves “Rosarians” and thanking God for the difference this institution has made in their lives.

On this very joyful occasion, I would like to thank the Almighty God for the blessings showered upon Rosary Sr. Sec. School during its growth of the last 60 years and pray that greater blessings may follow in the years to come.

Message

It gives me great joy to offer my felicitations on Rosary Senior Secondary School entering the Diamond Jubilee of its service to the people and the nation. Rosary Senior Secondary School is one of the gifts of the Catholic Church to the young nation in the 1960s when it was fighting the evils of illiteracy and educational backwardness.

In its 59 years of eventful journey, it has overcome several hurdles to reach its present state of the prominence and fame. Several Managers and Principles have made enormous sacrifices drawing constant inspiration and blessings from its heavenly patroness, Our Lady of the Most Holy Rosary. Hundreds of teachers and thousands of students made their valuable contributions to make it place of academic excellence.

Like other DCA schools, Rosary school remained a remarkable place where young minds developed with knowledge and a sense of social responsibility. I am also happy about the multi-pronged development of the school in the past years and take this opportunity to thank and congratulate all who contributed for this.

I take this opportunity to congratulate the Principal, Fr. Vincent D'Souza, the Manager, Fr. J. Rebello, the staff and the students for being at the threshold of the Jubilee year and wish a great, meaningful celebration of the jubilee. May God bless all of you and the School to continue the good work for the years to come.

I am very glad to know that the Rosary Senior Secondary School is entering its 60th year and celebrating 'Diamond Jubilee Year' and on this auspicious occasion, the School is bringing out its Magazine.

A school Magazine is an excellent platform for students and teachers to freely express their thought and ideas, as also a platform where academic activities, co-curricular and extra curriculum achievement of students can be shared.

I convey my best wishes to the management of School and hope that school will continue to impart holistic education for the betterment of the Society.

Message

I feel immensely privileged to write these few lines on the occasion of the "Diamond Jubilee" of Rosary Secondary School to be celebrated in the month of October of this year. To commemorate this the school is bringing out the school magazine. I wish all the best.

As far as I remember Rosary school is one of the 1st schools in the Archdiocese of Delhi and 60 years in the life of school is a great milestone.

The Diamond Jubilee is indeed a link between past, present and future. On this historic occasion it is my joy to thank God for his blessings on this academic institution and in a very special way on all the previous Principals who had to slog and fight many battles not only with the locals but also with the authorities of the Education Department of the Government.

The majestic and imposing building of the school that we see today is not the outcome of five or ten years. In fact it had a humble beginning. The school has endured many storms including the floods way back in seventies that destroyed many of our records including our library. Nevertheless the enthusiasm and the undying efforts of our previous Principals, the school has made remarkable progress, with so many of our students shining in different ways of life, be it, in I.A.S or I.P.S, Medicines etc.

In this special year of the Diamond Jubilee I wish to congratulate the Principal, Teachers, helping staff, Office staff and the students of Rosary School for their selfless and dedicated services for the last sixty years.

May God's blessings remain with you all now and all through.

Rev Fr. J. Rebello
The Manager

Message

The Diamond Jubilee not only signifies completion of 60 glorious years but also tells of the relentless service, utmost devotion and unflinching dedication shown to the cause of education by its founder pioneers and the staff of the school. This Jubilee speaks of steadiness and patience with which the management and the staff of the institute carried forward the torch of literacy, the task of character formation and the co-curricular activities to churn out pupils into dynamic citizens. Our school motto "Let your Light Shine" indeed groomed over the years its students "Let their Light Shine" in the world that posed many challenges and hardships in their formative years in the educational journey.

I am certain that in the years to come, Rosary Sr. Sec. School with its well qualified staff & talented students will rise above and look beyond the past 60 years and rise this institute to greater heights and carve a special place for itself among one of the best institutions of Delhi.

On this great occasion, I pay homage and heartfelt tribute to all down the history of 60 years of its existence who indeed made Rosary School where it is today.

I am extremely grateful to the illustrious line of Archbishops, Chairman, Managers, Principals, Vice Principals and the Headmistresses who have ably led the school at different times, through the thick and thin and contributed tremendously to the press of the school.

I take this opportunity to congratulate the editorial board - the team of students and the faculty for their tireless efforts that have come to fruition in the form of this magazine.

May all our students soar high in uncharted skies and bring glory to the world and their profession with the wings of education!

Keep Smiling!

CLASS ASSEMBLIES

A high quality school assembly is one of the most important aspects of a school's curriculum. Its potential to nurture a positive school ethos that stresses care for the self, others and the pursuit of all forms of excellence should not be underestimated. It powerfully nurtures the development of intrapersonal intelligence.

In this academic year every class was given a prior date on which they had to present a class assembly on the stage in front of the whole school.

The assemblies were judged by Mrs. Shaline (Coordinator Primary School), Sr. Shaila (Headmistress Primary school), Sr. Mithu (Headmistress Church School) based on the following criteria:

- Focus on the topic
- Creativity and innovation
- Usage of props
- Class involvement
- Time management
- Overall presentation

ORIENTATION

*"A parent is a teacher at home and a teacher is a parent in school
and the child is the centre of our universe."*

Orientation programs are fantastic opportunities for parents to know what to expect in the coming year and also equip them for it. They also get to know the teachers in the different classes. The schools explain the pattern for conducting examinations, the extracurricular activities, and the support required from parents etc.

Under the able guidance of our Principal Rev. Fr. Vincent D'Souza an Orientation Programme were organized for the parents on 8th April 17, 22nd April 2017 and 29th April 2017 for different classes. The aim was to familiarize the parents, as partners in progress with the curriculum, rules and regulations of the school, teaching methodologies and the co-scholastic activities. The programme commenced with a warm welcome to the parents and the resource persons.

The resource persons laid stress on effective communication between the teachers & the parents and also sought their support and suggestions so that the children could be provided the best for their overall

development. They also gave guidelines about effective parenting. The parents were briefed about the rules and regulations of the school.

The class teachers gave an overview of the various subjects and not to forget the co-scholastic activities which gave them an assurance that the curriculum involves self-directed, hands-on learning activities which not only give vent to their creative talents and energies but also help in their all-round development of their child. The orientation programme proved to be a sincere effort made by the school in educating the parents to look after and guide their children in a proper manner.

It also helped in evolving a common teaching strategy and helped the parents in identifying suitable follow up methods to reinforce the learning process of their children. Overall it was a fruitful meeting and the parents were in high spirits after attending the orientation programme.

Earth DAY

HUMAN CHANGE NOT CLIMATE CHANGE

Earth day was celebrated in Rosary School premises on 21st April, 2017. A special morning assembly was organized in the school premises. It was a great day to showcase environmental education, highlight efforts to green the school and engage the whole student community in making a difference.

The day started with a prayer, dance, praying for our mother earth and thanking God for what all we have received from earth. A vaudeville from senior and primary wing explained to the students how we humans can save the mother earth through our efforts. The Earth Day celebration offers opportunities to both teach about the issue and make a tangible environmental impact. Together we can make everyday Earth Day and each one of us in the school can make a difference. To highlight this, a beautiful dance was presented by primary students.

Principal Rev. Father Vincent D'Souza felicitated Eco Club Student leaders and motivated them to do their duty sincerely. Class teachers felicitated Eco Club warriors of their classes. Eco Club Coordinators Mrs. Sakshi and Miss Nitika addressed the students and reminded them of their responsibility towards Mother Earth by discussing few norms of the school. One major area where Eco Club pledged to focus was the cleanliness of the school.

The celebration concluded with the school anthem and the belief that the students would respect their natural inheritance and be good caretakers of the planet.

INVESTITURE CEREMONY

"If your actions inspire others to dream more, learn more, do more and become more, then you are a leader." – John Quincy Adams.

On the fine morning of May 11th, 2017, deserving young talents of the School were bestowed with the responsibility of leading their School from the front with their commitment, confidence and competence.

The school held the Investiture Ceremony with great enthusiasm. It was a solemn occasion where the young students were all prepared to don the mantle of leadership and discharge the responsibilities entrusted upon them by the school. To inculcate the leadership qualities in students and to give them a feel of leaders and a sense of responsibility the new 'Prefectorial Body' is formed every year.

The school witnessed a sparkling start, with the leaders of 2017-18 sessions in school precincts, who came forward and took their responsibilities with enthusiasm and commitment. The Guest of Honour was Mr. Dhiren Doshi, Principal, Guru Nanak Public School, Adarsh Nagar, Delhi-9. The cabinet members marched sprightly and majestically in sync with the beating of the drums to the school Stage for the proceedings.

Head girl Aditi Tibaerawal administered the oath of allegiance whereby the new cabinet members promised to discharge their duties honestly, sincerely and to the best of their ability. They promised to take the school to newer heights and resplendence.

A Skit on leadership was exhibited by the senior students which taught us that, leadership is earned via actions that demonstrate courage, dedication and commitment. Rev. Fr. Vincent D'Souza addressed the students explaining them the real meaning of discipline. The quality of leadership must be reflected in the standards, they set for themselves. They have to be firm but approachable. It is important for a leader to learn to agree to disagree. To be respected is far more important than to be liked. The programme concluded with a formal vote of thanks.

The school reinforced the mission of COMMUNITY SERVICE through its students and teachers. Everyone from Nursery to Class XII got an opportunity to get involved. Each one felt satisfied and contented by bringing smile and happiness to the unprivileged ones. The initiative was taken by innovative, compassionate and visionary Rev. Fr. Vincent D'Souza, Principal, and the founder of Good Samaritan Club in school. As the month of October is dedicated to Holy Rosary, the 'RISE TO REACH OUT' initiative was enthusiastically taken up by students and teachers.

The Communities visited were SHISHU BHAVAN, ASHA DAAN, HOLY CROSS AND RASHMI SEVA NIKETAN-

homes for abandoned, malnourished, differently abled children. SHANTI BHAVAN, JIVODAYA ASHRALAYAM, NIRMAL HRIDAY, ANTYODAYA NIKETAN-for old, destitute women, and vulnerable destitutes. The basic goal of the programme is for students to leave a footprint on the community, learning skills that will hopefully, carry them through rest of their lives. The excitement and execution of Community engagement efforts will continue for the rest of the months and every Rosarian will cherish the community service and become compassionate and an understanding human being.

ROSARY SCHOOL 1958 to 2018

It has been a difficult task but all the same quite enjoyable to delve into antiquity and collect facts and dates from different sources and finally to present a picture of Rosary Sr. Sec. School, as it stands, now.

The history of 'Rosary School', as it is popularly known, dates back to 1932. It will be a pleasant surprise for most of us as we believe that it was founded in 1958. It was started as a primary school in the year 1932 and was known as the Mission School. Due to financial difficulties; and other problems the school was closed down after about four years and like the phoenix, the school had its rebirth, rising from its ashes. The school started functioning again from 1958 with a new name - Rosary School, with the help and encouragement of the late Archbishop Dr. Joseph Fernandes. Its first Principal was Rev. Fr. Jorge D'Souza and he remained in office for about five years. Nursery class, the only class at that time was held in the side wing of the church.

The area where the present senior school building stands was all by itself called Pompyabad. It was a marshy land, buffaloes and cattle used to graze there. Next to take charge as principal was Fr. George D'Mello. He was in the school for a short period.

The classes were upgraded to standard 2 and about 12 students were there in each class at that time. Fr. George Panakal took charge as principal in 1964. After getting permission from His Grace Bishop Joseph Fernandes, Fr. George went ahead with his progressive plans. The adjacent land was bought for the expansion of the school. He also got permission to upgrade one class every year. About 6 students managed to reach 5th standard. There is no exaggeration in saying that Fr. George Panakal has been the pillar and the main force to lay a strong foundation on which stands Rosary Sr. Sec. School. It is said that he literally went to each and every house in the adjoining areas requesting and persuading parents to send their children to Rosary School. It's because of his efforts that many parents showed faith in the school, and the strength of the School increased unabated. Consequently was felt the need for a spacious building. The foundation stone of the main building was laid with the blessing of His Grace Bishop Joseph Fernandes and inauguration of the building took place on 7th Oct, 1966 - The Feast Day of the school.

In the year 1970 the school was recognized and affiliated to CBSE. In January, the same year was started the IX std with Art subjects. In this age of science and technology it was felt that education cannot be complete without the teaching of science subjects. To prepare the school to begin the science stream the foundation stone for science block was laid by the most Rev. Dr. Angelo Ignatius Fernandes, the Archbishop of Delhi on 26th April, 1971. And thus came up the science block with three spacious well equipped laboratories for Biology, Physics and Chemistry.

In 1972 Nursery wing was shifted to Model Town in a rented building. Nursery and KG classes were conducted there.

In 1973 the first batch of students appeared for board exam and brought creditable results.

The school witnessed heavy floods in 1978. The complete ground floor of the main building and the Science Block were submerged in 10 feet deep waters resulting in the tragic destruction and irreparable loss of the prized library with 9,000 precious books and almost the total annihilation of the Chemistry lab. The Principal's office and the main office were in a mess. Ms. Prakash (Librarian) sailed by boat to reach the school to save the remaining books. With flood waters still knee deep many teachers and some students waded across and began mopping up the corridors and class rooms and setting up furniture that was left of any use. It was a herculean task to transform all this to its past glory.

In 1981 land for Primary Section was bought. In 1985 Fr. George Panakal was transferred. The next principal Fr. E.D. Sebastian took charge. He was a great visionary and took the school to further heights. It was during this time that the era of Information Technology began with a big bang. Rosary School was not to be left behind. To keep pace with time, well equipped Computer Section was set up and the Inauguration Ceremony took place on 1st August, 1987. It was in the tenure of Fr. Sebastian that the management took the decision to upgrade the school to the Senior Secondary level. Rev. Fr. E.D. Sebastian retired in 1990.

Father Joseph Kudilil (Former Vice Principal) joined the school as the Principal. Fr. Joseph was a man with innovative ideas and scientific temperament. He encouraged students to move beyond text book knowledge, and personally guided them in activities like Annual Day celebration, Sports Day celebration, Science Exhibition, Dramatics etc.

In 1990, during Fr. Joseph Kudilil's tenure, the school was upgraded the senior secondary level with the beginning of 11th and 12th standards. The school scaled new heights of achievements in the coming years.

Another mile stone in the history of the school was the completion of the Primary Section building. It was blessed by His Grace Most Reverend Alan de laetic, the Archbishop of Delhi and inaugurated by the Hon'ble Chief Minister of Delhi Shri Madan Lal Khurana.

Father Joseph Kudilil was transferred in 1995 and Fr. Joseph Vadakumcherry took charge. Calm and composed Fr. Vadakumcherry devoted his attention to newer areas. Silent advisor of nature, he took the initiative of laying the lush green grass in all the grounds of the school. The present state of the school grounds is the result of his efforts. Under his auspices 'Eco Club' was formed in the school. The club at present is working almost like a movement.

Fr. Joseph Vadakumcherry retired in the year 2000 handing over the charge to the present principal Rev. Fr. Dr. A Alphonse. Fr. Dr. A Alphonse highly qualified with a PhD in 'Metal Pollution' is a man who has a passion for perfection. He is a great disciplinarian. His contribution to the development and progress of the school has been immense.

On the onset he has taken the school from anonymity and placed it on the map of Delhi Schools. The successful organization of interschool events like Inter-School Basketball Tournament, Inter school Quiz- 'The Rosarian Quest' and Science and Commerce Symposium - 'The Rosarian Enlightenment' has helped the school to carve a niche for itself. With the growing strength of the students the need for further extension of the school was felt. And then began the construction of the extension' block to the primary building. The foundation stone of this block was laid on 19th August, 2002 and it was blessed and inaugurated on 29th July, 2003 by the Most Rev. Vincent M. Concessao, Archbishop of Delhi. The top floor of this block houses a spacious auditorium, a prized possession of the Rosarians.

The formation of social action club called 'The Good Samaritan Club', 'The Road Safety Club' are some other landmarks achieved by the school. Father Alphonse's initiation and inspiration made the school choir one of the best.

Rev. Fr. Dr. Sabu Joseph took over the reins of the school from Father Alphonse in the year 2007. The school scaled greater heights under the leadership of the energetic and dynamic Principal Father Sabu Joseph.

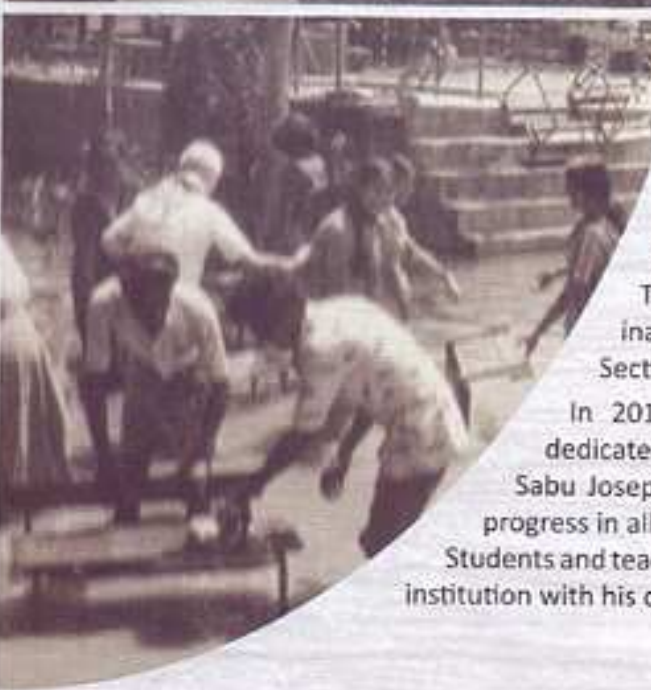

In 2011, Romila Bhattacharjee of Std XI represented Delhi state at 62nd National Junior Championship and secured the 7th position. Aastha Sahni of Std X played Badminton at the National Level and secured 2nd position at All India Level.

In the year 2011 the new Administrative Block which is spacious and impressive was inaugurated.

In 2012 Rosarians won the Peace Gong Trophy – 1st position at Children's Social Conclave. A joint initiative of the UN Volunteers. PIDT (Asia Regional Partner, YSA) Sachet & Guru Rabindranath Tagore Foundation.

The Language Lab an initiative of Father Sabu Joseph was inaugurated in the year 2009. In the same year the Senior Section Auditorium was renovated to its present splendour.

In 2014 the present Principal Rev. Father Vincent D'Souza a dedicated and committed visionary took over the charge from Father Sabu Joseph. Under his leadership the school has made tremendous progress in all the fields. A prayer room in each wing was his first concern. Students and teachers visit these room regularly. We wish that he will bless this institution with his continued service and the school will touch further heights.

The Head Girl speaks ...

I feel extremely grateful to the principal, headmistress and teachers for choosing me for the post of the Head Girl. It was only possible because of the trust the authorities had in me.

I was a little nervous when I was asked to give a short speech for the selection of the Head Girl. There were many other intelligent and smart students too, standing for this post. They spoke well. That made my chances even more bleak.

I was very surprised, excited and speechless when I was told that I was selected for this highly responsible post. I was the Junior House Vice Captain of Sunflower House last year. But this was a bigger responsibility for me. I had to be a role model for the other students.

I made a great effort to always speak in English. I had to constantly check other students for various things like discipline, behavior etc. With the co-operation of the other cabinet members, I was able to do my duty with utmost sincerity.

I gained confidence but at the same time it was a humbling experience too. A life time experience indeed.

SOMEONE DEAR TO ME- MY GRANDMOTHER

My grandmother is an old lady. She is tall and thin. She is grey haired, loving and caring. Her eye-sight is weak and she cannot read without spectacles. She is a pious woman. She is the first to get up in the morning and take a bath. She goes to the temple every day and comes back with sweets for us.

She is very hard working and active. She takes care of everything in the house. Everyday, she tells us a story before going to bed. We have learnt many lessons from these stories. She is the most important person in my life. She is always there for everyone in our family.

My grandmother is very dear to me. I pray to God to bless her and keep her always happy.

READING IS FUN

In today's world reading is a habit that is gradually fading away. I am a voracious reader and I love to read story books. I read them for my pleasure and not because someone forces me to do so. Reading books for my own pleasure improves and enhances my language. We, the students of Rosary Sr. Sec. School, are provided with a well-equipped library. Our library has been upgraded recently with many more new books on the shelves. There has been a major upgradation with beautiful interiors and furniture. A perfect ambience to instill an interest for reading. We must not let go off this opportunity given to us by our principal.

Reading books brings out new ideas and imaginations... a power through which we can achieve anything in our life. Reading the newspaper regularly gives us a wide view of the happenings around us. The newspaper provided by our school is one which has fun-filled stories and activities too. It further enhances our pleasure of reading.

A GLIMPSE OF A POLLUTED FUTURE

Where are the birds that used to dot the sky?
They are not here anymore and I have to wonder why
Where are the fish that used to swim in the stream?
I cannot see them anymore. What does that mean?
Where are the frogs that used to croak around the lake?
I cannot hear them anymore.
There must be some mistake somewhere.

I wish there was a clock whose hands I could rewind
We would have saved these creatures if we had just more time
Time to make people see how we are damaging our earth
Time to realize what it all was truly worth
But the animals are disappearing at an alarming rate
If we do not finally work together it may be too late.

A LIFE CHANGING EXPERIENCE...

We were fortunate to get an opportunity to visit Holy Cross Orphanage, Dheerpur on 26th October 2017. It is a home for about 25 children of the age group of 7-11 years.

We had mixed feelings when we first reached there. We initially felt sorry for their unfortunate state, but were soon mesmerized by their radiant smiles and enthusiasm. We danced and sang songs for them. We were more than happy to offer them the food items which our school friends had contributed. They in turn entertained us by reciting poems. We played and danced together. It gave us a feeling of love and friendship.

Visiting an orphanage was indeed a life changing experience. We felt a deep sense of gratitude for what we have and were overjoyed to share with the less fortunate. It was an experience we will always remember.

A TRIP TO AMERICA

In every child's memory there are some moments which capture their hearts completely. One such instance was my travel to New York in the summer of 2017.

New York is a city of sky scrapers and very often we also call it 'Big Apple'. Needless to say that the rich experience which I gained is unforgettable and it has taught me new ways of living life.

Heartfelt thanks to my parents who gifted me this beautiful trip on my 9th birthday. We boarded the aircraft from Delhi International Airport and reached New York in 16 hours.

During my visit, I saw many high rise buildings. Our hotel was also on the 30th floor. The streets of New York are very busy and they are divided into various avenues. We also visited the famous Empire State Building. It was fascinating to see the people as small insects from the 84th floor. What an amazing sight it was!

It is a very clean city. You hardly see any dust there. The garbage removal system is so regular and well planned that an overflowing garbage bin is a rare sight.

We also visited the Statue of Liberty which stands tall inside Hudson River and looks very majestic. I will cherish for the rest of my life the memories of my visit to Madame Tussauds Wax Museum Central Park, Brooklyn Bridge etc.

GOOD DAYS BEGIN WITH A PRAYER

Morning assembly is a very important aspect of our school's curriculum. It has potential to nurture and maintain a positive school culture. Every new work starts with a prayer to God.

Morning assembly is a time filled with peace and happiness. It develops a feeling of oneness and unity among the students. Every assembly has a theme like cleanliness, respect your parents, unity etc. It is always very thought provoking.

Every child is given an opportunity and a platform to display his/her talents. Guided by our teachers, the assembly includes short skits, dance, speech, songs etc. We get to learn a lot from it. It helps us to become good human beings. We are able to overcome stage fear and gain confidence. It gives us positive energy to work throughout the day. It also helps in the moral and spiritual development of the students.

And furry faces.
Bears use stairs
As hiding places.
After breakfast,
Lunch and tea,
I play with my bear
And he plays with me.

Bears like treats
And tickling chases.
Bears are best
Because, you see,
I have my bear
And bear has me.

BOOKS ARE OUR BEST FRIENDS

Once upon a time there lived a girl named Seema whose favourite saying was "Books are our best friends." She never considered books as a burden. She had a pouch in which she used to collect her pocket money and spend the money on buying books. Her younger brother, Rakesh always refused to study or read books. One day, her brother's class teacher told everyone to write a poem. As Rakesh got home, he said to Seema, "Please write a good poem for me." She wrote a good poem and gave it to him in the morning. Seema said to her brother, "I know you won't understand the poem. Let me tell you its meaning." But Rakesh did not listen and left for school.

At school, the teacher liked Rakesh's poem the most. She asked him "Did you write this poem yourself?"

"Yes" said Rakesh. "Can you explain it?" asked the teacher. As Rakesh had not written the poem himself, he kept silent. The teacher understood the truth and gave the chocolate to another child. When Rakesh narrated the whole incident to Seema, she said, "It's okay my sweet little brother, you can also write poems if you read more books." Rakesh asked, "What is the meaning of this poem?" Seema looked at him and smiled. He then said, "Thank you my sister, I understand that it is better to read books than to do worthless things." Seema was happy that Rakesh finally understood the need to read books.

मानवता

सर्वे भवन्तु सुखिनः सर्वे संतु निरामया,
सर्वे भद्राणि पश्यन्तु मा कश्चिद् दुःखमाग्भवेत् ।
अर्थात् : सभी सुखी हों, सभी निरोगी हों,
सभी अच्छा-अच्छा देखें, कहीं कोई दुखी न हो ।

मैं समझता हूँ कि सद्भावना का इससे अच्छा उदाहरण नहीं हो सकता, जिसमें सर्व कल्याण की भावना निहित है। मेरी नज़रों में यह दुनिया की सर्वश्रेष्ठ प्रार्थना है, जिसमें मनुष्य स्व से ऊपर उठकर मनुष्य मात्र के कल्याण की कामना करता है। हमारे देश को देवभूमि कहा जाता है। यहाँ भगवान बुद्ध ने विश्व को शांति और अहिंसा का मार्ग दिखाया, इन्हीं आदर्शों पर चलकर महात्मा गांधी जी ने अहिंसा के हथियार से भारत वर्ष को अंग्रेजों की गुलामी से आज़ाद करवाया।

भारत एक सर्वधर्म समन्वयकारी देश है। हमारा देश विभिन्न धर्मों और संस्कृतियों का सगम स्थल है। केवल इसी देश में विभिन्न संस्कृतियों को समान रूप से फलने-फूलने तथा पल्लवित होने का अवसर प्राप्त है।

यहाँ भाँति भाँति के भाषा-भाषाई संप्रदाय के लोग रहते हैं। हम सबमें वर्ण, लिंग, रंग, धर्म इत्यादि का बोध है परंतु हमारा मन पूरी तरह भारतीय है यहाँ का प्रत्येक व्यक्ति, सर्वप्रथम एक भारतीय है उसके बाद उसका कोई और अस्तित्व है। सभी धर्म या मज़हब महान मानवीय मूल्यों को महत्त्व देते हैं। मज़हब या धर्म व्यक्ति को सम्मान, सुसभ्य और सुसंस्कृत बनाकर सभी के अच्छे तत्वों को धारण करने, उनकी रक्षा करने की शक्ति दिया करता है। दया, करुणा सभी के प्रति प्रेम और सम्मान के साथ अपनेपन का भाव, शांति और अपने-अपने कर्तव्य के प्रति पूर्ण समर्पित आस्था वस्तुतः हर धर्म या मज़हब का मूल मंत्र है। आज की युवा पीढ़ी को इस सत्य को अपनाना होगा।

अंततः हम कह सकते हैं कि सभी धर्मों का एक ही सार है कि मानवता ही परम धर्म है। अतः हम सभी को जाति, धर्म, मज़हब आदि के बंधनों से ऊपर उठकर सारे संसार में मानवता और भाईचारे की भावना को फैलाना होगा। ताकि जाति, धर्म और मज़हब के नाम पर भाई-भाई का खून न बहाए और विश्व में शांति बहाल हो।

राष्ट्रीय एकता में हिंदी का योगदान

राष्ट्रीय एकता का अर्थ किसी राष्ट्र के नागरिकों की एकता की भावना से होता है। इसके बिना किसी राष्ट्र का निर्माण अथवा विकास संभव नहीं है। प्रत्येक राष्ट्र में छोटे-बड़े अनेक समुदायों का योगदान होता है। उसमें भिन्न-भिन्न जाति व धर्म के लोग रहते हैं, उनके रहन-सहन, खान-पान आदि में अंतर है। परंतु इन विविधताओं के होते हुए भी जब वे अपने आप को एक समझते हैं, तो इसे राष्ट्रीय एकता कहा जाता है।

हम अपनी राष्ट्रीय भावना को अभी तक अखंडित कर पाने में सफल नहीं हो सके हैं। जिसके मुख्य कारण जातिवाद, प्रांतीयता, क्षेत्रीयता, भाषावाद तथा आर्थिक विषमता है। इन सबमें मुख्य कारण भाषावाद है। जिस प्रकार कोई भी घर बिना मज़बूत नींव के नहीं बन सकता, उसी प्रकार कोई भी देश तब तक प्रगति नहीं कर सकता जब तक कि उसमें एक राष्ट्रीय भाषा न हो।

राष्ट्र भाषा वह भाषा है, जिसका प्रयोग पूर्ण राष्ट्र में हो, या जो संपूर्ण राष्ट्र की भाषा हो। 26 जनवरी, 1950 से हिंदी भारतीय संघ की राजभाषा घोषित की गई है। संविधान में इसे राष्ट्रभाषा के रूप में मान्यता दी गई है।

हिंदी भाषा के प्रचार-प्रसार की दिशा में आज हिंदी के व्यावहारिक पक्ष को प्रभावशाली रूप से कार्यरूप देने की आवश्यकता है। भारत की उन्नति राष्ट्रभाषा को अपनाने में ही हो सकती है। हमारा धर्म तथा कर्तव्य है कि हम उसको उन्नत स्थान दें। हमें स्वप्न में भी यह नहीं सोचना चाहिए कि विदेशी साहित्य को पढ़कर हम राष्ट्रीय भावना का विकास कर सकते हैं। हमारा कर्तव्य है कि हम दैनिक व्यवहार में अपनी राष्ट्रभाषा को प्रधानता दें। हमारा देश तभी पूर्ण रूप से स्वतंत्र होगा जब हमारी राष्ट्रभाषा का केवल भारत में ही नहीं बल्कि पूरे विश्व में प्रचार हो, आदर हो।

नर हो न निराश करो मन को।
कर्मण्येवाधिकारस्ते मा फलेषु कदाचन।
मा कर्मफलहेतुर्गम मा ते संगोऽस्तुकर्मणि॥

कर्म पर ही तुम्हारा अधिकार है फल पर नहीं।
केवल फल के लिए कर्म करने वाले मत
बनो। बुरे कर्म मत करो न बुरे कर्म करने

वालों का साथ दो।

गीता में यह उपदेश देकर श्रीकृष्ण ने मनुष्य जाति को निष्काम कर्म करने के लिए प्रेरित किया है, किंतु क्या हम इस उपदेश या दी गई सीख का पालन करते हैं? हम क्यों निराशा के स्थान पर सदैव आशावान रहने का गुण जीवन में नहीं उतार पाते?

हम सभी सोने से बने आमूषण एवं उससे बनने वाली प्रत्येक वस्तु के प्रति आकर्षित हो जाते हैं। क्या आप जानते हैं कि सोने को भी अपना तेज प्राप्त करने के लिए अग्नि के तेज तापमान में जलना पड़ता है, उसके पश्चात् अपने आप को सही रूप में ढालने के लिए सुनार की हथौड़ी का कठोर प्रहार भी सहना पड़ता है। तब कहीं जाकर सोना उत्तम रूप को प्राप्त कर पाता है।

वैक उसी प्रकार हमारे जीवन में भी सुख-दुख तथा जीत एवं हार आते-जाते रहते हैं। सुख तथा जीत का आनंद तभी होता है जब पहले दुख और हार का अनुभव हुआ हो। इसके कारण दुख तथा हार जहाँ निराशा को जन्म देती है, दुखदायी होती है, वहीं भविष्य में सुखी होने का बरोसा दिलाती है।

मनुष्य का मन ही उसे बलवान बनाता है। मनुष्य तब तक हारता नहीं है जब तक उसका मन सबल हो। सही कहा गया है - मन के हारें हार हैं मन के जीते जीत।

हम सभी जानते हैं कि विजयी लोगों के समक्ष सभी झुक जाते हैं। क्या विजय का अर्थ युद्ध में विजय पाना है? क्या साहस का अर्थ किसी बलवान के आगे डटकर खड़े रहना ही है? शौर्य का अर्थ क्या है?

जिहवी होने का अर्थ है - अपने दुखों एवं अपनी निराशा पर विजय पाना।
जितनी का अर्थ है - चाहे जितनी भी निराशाएँ क्यों न हों उनका जवाबी उत्तर देना।

जीतने का अर्थ है - गिरकर फिर से उठने का प्रयास करना।

जब निराश हुए बिना शौर्यवान बनिए, गिर जाने के पश्चात् फिर एक नई ऊर्जा के साथ उठने का प्रयास कीजिए। विजय आपको अवश्य प्राप्त होगी।

अंधेरी रात में दीया जलाना कब मना है।

उदासी से भरे इस माहौल में,
हँसी के कुछ पल बिताना कहाँ मना है।
माना कि अंधेरा घना है,
पर दीया जलाना कब मना है॥

कई बार लोग अपनी असफलता को अपने जीवन का अंत मान लेते हैं। वे या तो अपना जीवन निराशा में बिता देते हैं या अपने जीवन का अंत कर लेते हैं। अब मैं पूछना चाहूँगी, कब तक हम यूँ ही अपनी असफलता से हारकर अपना जीवन अधिकार की तरफ ढकेलते रहेंगे? मुश्किलों से डरकर भागना वीरता की नहीं कायरता की निशानी है।

असफलता एक चुनौती है, इसे स्वीकार करो।

कहाँ कमी रह गई, देखो और सुधार करो॥

जिंदगी का दूसरा नाम ही संघर्ष है।

हमें कभी भी प्रयास करने से नहीं घबराना चाहिए।

अपनी असफलता को सफलता की एक सीढ़ी मानकर निरंतर प्रयास करते रहना चाहिए।

हमें इस संसार में तब तक कोई पराजित नहीं कर सकता जब तक हम स्वयं अपनी पराजय स्वीकार न कर लें। इसलिए हमें स्वयं को हर परिस्थिति के लिए तैयार रखना चाहिए।

हमें कभी भी कठिन परिस्थितियों के समक्ष घुटने नहीं टेकने चाहिए और पूरी हिम्मत से, पूरे जोश के साथ उनका सामना करना चाहिए। अपनी असफलता को एक बुरा सपना मानकर भूल जाना चाहिए और नई शुरुआत करनी चाहिए।

अंत में, मैं यही कहना चाहूँगी कि 'लहरों से डरकर नौका पार नहीं होती, कोशिश करने वालों की कभी हार नहीं होती'।

भारतीय संस्कृति और युवा

एक समय था, जब हमारे युवाओं के आदर्श, सिद्धांत एवं विचार सब कुछ भारतीय संस्कृति में रंगे हुए थे। ये स्वयं ही अपनी संस्कृति के संरक्षक थे। परंतु आज की उपभोक्तावादी संस्कृति की चकाचौंध से भ्रमित युवा वर्ग को भारतीय संस्कृति में पिछड़ेपन का अहसास होने लगा है। आज अंग्रेजी भाषा और अंग्रेजी संस्कृति ही आधुनिकता का पर्याय बन गई है। संगीत, सौंदर्य एवं राजनीति, सभी क्षेत्रों में पाश्चात्य संस्कृति में ढली सोच स्पष्ट नजर आती है। परिवर्तन संसार का नियम है, लेकिन ये परिवर्तन हमें पतन की ओर ले जाएगा इसमें कोई संदेह नहीं। पाश्चात्य जगत का अध्यानुकरण युवाओं को कहीं ले जा रहा है? परिवर्तन सकारात्मक होना चाहिए। उन्नति की ओर ले जाने वाला, विकास के द्वार खोलने वाला होना चाहिए। इकबाल ने क्या खूब कहा था -

‘यूनान, गिर, रोम सब मिट गए जहाँ से,
अब तक नगर है बाकी नामों निशा हमारा।
कुछ बात है कि हस्ती मिटती नहीं हमारी।’

आज भारतीय युवा स्वयं अपने हाथों अपनी इस महान हस्ती को मिटाने पर अमादा हैं। अगर भारतीय संस्कृति न रही तो हम अपना अस्तित्व ही खो देंगे। युवाओं को अपनी संस्कृति के महत्त्व को समझकर उसकी रक्षा करनी चाहिए।

ईश्वर का दूसरा रूप —माँ

माँ दुनिया में ईश्वर के बाद सबसे पवित्र शब्द है। इस एक शब्द में बच्चे की सारी दुनिया छिपी होती है। सृष्टि का हर प्राणी माँ की कोख से ही जन्म लेता है और उसकी गोद में पलकर बड़ा होता है। बचपन में जब बच्चा कुछ भी कह पाने में असमर्थ होता है, तब केवल वह माँ ही होती है जो बच्चे की सारी बात समझ जाती है। माँ ही बच्चे को संसार में लाती है और परिवार एवं बाहरी दुनिया से उसे परिचित करवाती है। माँ बच्चे के लिए त्याग की मूर्त होती है, अपने से ज्यादा बच्चे की फिक्र करना, खुद नीले बिस्तर पर सोकर बच्चे को सूखे बिस्तर पर सुलाना, स्वयं भूखे रहकर बच्चों का पेट भरना, उसकी हर जरूरत को समझना और उसे पूरा करने में जी जान लगा देना यह केवल माँ ही कर सकती है। वह उसे अपनी ममता की छाँव में छिपाकर रखती है उसे सही राह दिखाती है। वह उसकी प्रथम पाठशाला बनती है जहाँ से बच्चा उठना, बैठना, बोलना, चलना इत्यादि सीखता है। माँ बच्चे को संस्कार देती है उन्हीं संस्कारों के आधार पर वह बाह्य दुनिया में अपनी एक पहचान बनाता है। बचपन में सिखाए गए अच्छे या बुरे संस्कार ताउम्र मानव के काम आते हैं। अच्छे संस्कार ही मानव को देवता या दानव बनाते हैं।

इन उक्तर सुनते हैं — हर कामयाब आदमी के पीछे एक औरत का हाथ होता है, चाहे वह माँ हो, पत्नी, बहन, बेटा या अध्यापिका। वे सभी रूप नारी के हैं। नारी जगत जननी है। नारी का सर्वश्रेष्ठ रूप माँ है। माँ दया, करुणा, प्रेम, सेवाभाव की सजीव मूर्त होती है। इस प्यारी मूर्त को देव, दानव भी प्रणाम करते हैं। जो लोग कहते हैं उन्होंने भगवान को नहीं देखा उन्हें माँ को देखना चाहिए। माँ में ही तो भगवान बसता है। सच में माता-पिता के चरणों में ही स्वर्ग होता है। ऐसा एहसास हमें होना चाहिए। माँ ही सही पूरी दुनिया है। मेरे प्राण मेरी माँ में बसते हैं। सच में हर प्राणी के लिए माँ ईश्वर का वरदान है।

जल की कीमत

जल है बड़ा अनमोल,
प्राणी इसमें न विष घोल।
नदियों में मिलाएँ क्यों नालों का पानी,
देखो नदियाँ न बन जाएँ कहीं विष की प्याली।
यदि इसी तरह तुम नदियों में विष मिलाओगे,
फिर कल कहीं से तुम पीने के लिए जल लाओगे ?
जल की कीमत अगर तुमने अभी न पहचानी,
याद आयेगी बाद में तुम्हें तुम्हारी नानी।
जल है तो जीवन है यह बात तो अभी जान,
समय रहते जल की कीमत को लो पहचान।
आज बूँद-बूँद बचाओगे तो कल पीने के लिए जल पाओगे,

बचपन

बचपन का महत्त्व बड़े होने पर समझ में आता है। आज कक्षा में बच्चे के बचपन की कविता पढ़ी, तो मैं भी अपने बचपन की यादों में खो गई। कितना भोला होता है बचपन यह मैं अब समझ पाई हूँ। न किसी से ईर्ष्या न द्वेष। जिसने प्रेम से बुलाया बस उसी के हो लिए। बात-बात पर रुठना और फिर मान भी जाना। बार-बार माँ के गले लगना और थोड़ी ही देर में रुठकर माँ की शिकायत पापा से करना। सब आँखों के सामने चमकिली तरह घूम गया। अपनी बात को मनवाने के लिए आसमान सिर पर उठा लेती थी। उसका परिणाम क्या होगा, यह सोचने की समझ ही कहाँ थी?
आज जब मैं बचपन की उन शरारतों को याद करती हूँ तो मन ही मन मुसकरा उठती हूँ। किसी छोटे बच्चे को जिद करते देखती हूँ तो अपना बचपन याद आता है। कितनी बेफिक्री भरी जिंदगी थी, चिंता, परेशानी से रहित।
बचपन जीवन का स्वर्णिम काल है, यह मैं आज समझ पाई हूँ। मन करता है काश मैं फिर से बच्ची बन पाती।

किताबें कुछ कहना चाहती हैं

किताबें करती हैं बातें, बीते जमानों की,
दुनिया की, इंसानों की, आज की, कल की,
एक-एक पल की।
किताबें हमारे साथ रहना चाहती हैं,
किताबें कुछ कहना चाहती हैं।
किताबों में छिड़िया चहचहाती है,
और दादी मीं कहानी सुनाती है।
किताबों में होती हैं परियाँ,
जो हमको बहुत भाती हैं,
किताबें कुछ कहना चाहती हैं।
क्या तुम नहीं सुनोगे किताबों की बातें?
क्या तुम नहीं बनोगे किताबों के दोस्त?
क्या वह हमेशा-के लिए रह जाएंगी अकेली?
किताबें हमसे दोस्ती करना चाहती हैं,
किताबें कुछ कहना चाहती हैं।

भ्रूण हत्या को खत्म करो।

एक ही कोख से जन्मे दोनों, एक मुन्ना एक मुन्नी,
मुन्नी के जन्म पर दुखी हैं, मुन्ने से खुशी हुई दोगुनी।
लड़की को भी लड़के की तरह दिल से अपनाओ,
भ्रूण हत्या खत्म करो, यह नारा लगाओ।
जीवन के हर क्षेत्र में, बेटियाँ भी आगे आई हैं,
पीछे छोड़ निराशा को, आशा की किरणें लाई हैं।
आज के इस समय में बेटों को भी खूब पढ़ाओ,
भ्रूण हत्या खत्म करो, यह नारा लगाओ।
नारी ही नारी की जाने क्यों, दुश्मन बन जाती है,
बेटों का करके गर्भपात, बेटे के लिए तरसती है।
संकल्प करो अब बेटों को, उसका हर हक दिलवाओगे,
भ्रूण हत्या अब कभी न होगी सबको शपथ खिलवाओगे।

वीर योद्धा

वीर है वो योद्धा, जो अपने वतन के लिए मर जाता है।
वीर है वो योद्धा, जो हिंदुस्तान को अपना बताता है।
वीर है वो योद्धा, जिसके आगे कोई नहीं टिक पाता है।
वीर है वो योद्धा जिसे किसी का भय नहीं सताता है।
वीर है वो योद्धा जो हिंद महासागर में अपना जीवन बिताता है।
वीर है वो योद्धा जो आसमान में अपना घर बनाता है।
वीर है वो योद्धा जो सीमा पर अपने वतन का ध्वज फहराता है।
वीर है वो योद्धा जो अपने देश की खातिर मिट जाता है।
पावन है वो धरती, जिसे ऐसा योद्धा मिल जाता है।

हीरक जयंती

अखण्ड ज्योति सी है हमारी हीरक जयंती,
आओ इसे प्रेरणा स्रोत जैसा मनाएँ।
रोज़री की है यह जीवत प्रतिमा,
इस पर श्रेष्ठ श्रद्धा के सुमन चढ़ाएँ,
आओ इसे प्रेरणा स्रोत जैसा मनाएँ।

मानवता से इसने सबको परिचित करवाया,
हमें श्रेष्ठ चिंतन औ, ज्ञान का अमृत पिलाया,
शिक्षा के इस मंदिर में प्रतिदिन मिलकर दीप जलाएँ,
इस ज्ञान की गंगा में मिलकर सब नहाएँ,
आओ इसे प्रेरणा स्रोत जैसा मनाएँ।

शिक्षा का अंतःकरण इसमें है बोलता,
मुँद ज्ञान—चक्षु सहज ही है खोलता,
महकते हुए पुष्प यहाँ मिलकर फैलाएँ,
नई चेतना, नई प्रेरणा, भविष्य उल्लसित बनाएँ,
आओ इसे प्रेरणा स्रोत जैसा मनाएँ।

जगाई है इसने सबमें प्रेम और सद्भावना,
मानवता में छुपी हुई निर्मल जन-संवेदना,
छात्रों में शांति का संदेश मिलकर सभी फैलाएँ,
व्यक्तिपूर्ण के इस उत्सव को मिलकर सफल बनाएँ।
आओ इसे प्रेरणा स्रोत जैसा मनाएँ।

जन—कल्याण का शंख मिलकर सभी बजाएँ,
सबके जीवन में दिव्य—ज्योति का दीप जलाएँ,
प्रतिष्ठा का प्रश्न मानकर शिष्य एकजुट हो जाएँ,
सभी गुरुजन को श्रद्धा पुष्पों के हीरक हार पहनाएँ,
आओ इसे प्रेरणा स्रोत जैसा मनाएँ।

बेटी बचाओ, बेटी बचाओ।

कहीं बलात्कार हो जाए,
तो हम सड़कों पर आ जाते हैं,
बेटी बचाओ के नारे खूब लगाते हैं।
मोमबत्तियाँ जलाने से हम
अखबारों में तो आ जाते हैं,
किंतु हम में से कितने ऐसे हैं,
जो सब में बेटी बचा पाते हैं?
बक्ता अब बोलने का नहीं,
कुछ कर दिखाने का आया है,
हमारी बेटियों पर मंडरा रहा,
आज बुरा साया है।
खुशनसीब समझो खुद को,
जो घर में देवी को पाया है।
बेटी तो साक्षात्, माँ लक्ष्मी की काया है,
वह नहीं धन प्रसाया है।
अब नया इतिहास बनाना है।
इस कहानी का लिखना नया सार है।
बताना है, दुनिया की हर बेटी को,
कि दुनिया उसके लिए जन्मत है।
अब जीना न उसका दुश्वार है,
वह माँ बाप के गले का हार है।

चलो हर क्षेत्र में अपने पैर जमाएँ,

क्यों न हर तरफ जोर आजमाएँ?
बाधाएँ हर तरफ मिलेंगी,

लुप्त होता आदर सम्मान

है हो चुका लुप्त आदर व सम्मान,
अच्छे काम के तरीके भी हो चुके हैं बेईमान।
कभी तो दो महीने बड़े को भी भैया-दीदी बुलाते थे,
पर आज बुजुर्गों के लिए भी नहीं रखते मान।
कहाँ गए नैतिक मूल्य और ज्ञान?
मौ-बाप ने अपने बेटे को पाल-पोसकर बड़ा किया,
और बुढ़ापा आते ही बेटे ने उन्हें बेघर किया।
धुझा दिया उसने आदर का दीया,
फिर भी मौ-बाप ने उसकी खादों को न मिटने दिया।
क्या यही है मौ बाप के प्रति हमारा प्रतिदान?
कभी तो एकलव्य ने गुरु की मूर्ति बनाकर ही अभ्यास किया था,
तो भी श्रेष्ठ धनुर्धर का पद प्राप्त किया था।
गुरु दक्षिणा में दे डाला था दाहिने हाथ का अंगूठा,
गुरु-शिष्य का वह रिश्ता भी था अनुठा।
परंतु आज, गुरु स्वयं बैठ सामने शिष्य को ज्ञान देता है,
और दक्षिणा में अपमान लेता है।
गुरु-शिष्य का वह रिश्ता काल्पनिक रह गया है,
गुरु-गोविन्द के दोहे में जो कवि कह गया है।
क्या वाकई लुप्त हो चुका है आदर व सम्मान?
क्या यही रह गया है गुरु के प्रति मान?
क्या सचमुच सारे रिश्ते हो गए हैं बेईमान?
यदि ऐसा ही रहा बड़ों के प्रति आदर व सम्मान?
नहीं रख पाए अगर विद्या का मान,
तो शिष्य उन्नति से अवनति की ओर जाएगा,
जिससे देश न प्रगति कर पाएगा।
यदि चाहते हो देश को विकसित बनाना,
प्रगति की राह पर स्वयं को आगे बढ़ाना,
तो नैतिक मूल्यों को समझना और समझाना,
बड़ों का सम्मान करना और करवाना।
अंत में इतना ही कहना चाहूँगा,
यदि दुनिया में कोई मूल्य महान,
तो वह है बड़ों के प्रति आदर व सम्मान।

जिंदगी का सच

जो चाहा कभी पाया नहीं,
जो पाया कभी सोचा नहीं।
जो सोचा कभी मिला नहीं,
जो मिला रास आया नहीं।
जो खोया वो याद आता है,
जो पाया सनाला जाता नहीं।
क्या अजीब सी पहेली है जिंदगी,
जिसको कोई सुलझा पाता नहीं।

जीवन में अगर समझौता करना पड़े,
तो कोई बड़ी बात नहीं,
क्योंकि झुकता वही है जिसमें जान होती है,
वरना अकड़ तो मुर्दे की पहचान होती है।
जिंदगी जीने के दो तरीके होते हैं—
जो पसंद है उसे हासिल करना सीख लो या
जो हासिल है उसे पसंद करना सीख लो।

जिंदगी जीना आसान नहीं होता,
बिना संघर्ष कोई महान नहीं होता,
जब तक न पड़े हथौड़े की चोट,
पत्थर भी भगवान नहीं होता।

जिंदगी बहुत कुछ सिखाती है,
कभी हँसाती है, तो कभी रुलाती है,
पर जो हर हाल में खुश रहते हैं,
जिंदगी उनके आगे सिर झुकाती है।

घेहरे की हँसी से हर गम धुआओ,
बहुत कुछ बोलो, पर कुछ न छुपाओ।
खुद न रूठो कभी, खूब हँसो और हँसाओ।
राज है यही जिंदगी का, बस जीते चले जाओ।

अपनी बुद्धि पर लगा दिया इसने किराम,
कर देता है नारी की इज्जत भी नीलाम।

मूल चुका अपने जीवन में, माता-पिता का स्थान,

उसकी दुष्कर्म देखकर अब बोले भगवान,
हाय! क्यों दिए इसको मैंने ये सारे वरदान।

बहुत सुधारा पर, न सुधरा यह बेईमान,
इसने आँखें अंधी कर ली, बहरे कर लिए कान,
स्वार्थ के लिए इसने अपना बेच दिया इमान,

दिल्ली का प्रदूषण – एक समस्या

प्रदूषण मानो हमारे जीवन का अंग बन चुका है। इस वर्ष तो दिल्ली में प्रदूषण खतरनाक स्तर तक चला गया था। इसके कारण यहाँ की हवा प्रदूषित हो रही है और हम सब लोगों को साँस लेने में बहुत मुश्किल हो रही है। बहुत सारी बीमारियाँ भी फैल रही हैं। अब भी कुछ लोगों को समझ में नहीं आता कि स्थिति कितनी गंभीर है।

हमारी सरकार ने प्रदूषण के स्तर को रोकने के लिए गाड़ियों की संख्या पर रोकथाम लगाने के लिए ऑड-ईवन का अनिवार्य चलाया था। कुछ इलाकों में बायुयानों द्वारा जल-छिड़काव की भी व्यवस्था की गई थी।

पंजाब और हरियाणा में फसल काटने के बाद पराली को जलाया जाता है। पराली का यह धुआँ दिल्ली और आसपास के इलाकों में प्रदूषण का एक बड़ा कारण बनता है।

बढ़ते प्रदूषण के कारण लोगों को मास्क पहनने की सलाह भी दी गई। अगर अब भी ध्यान नहीं दिया गया तो स्थिति बर्दाश्त नहीं होगी।

PEN IS MIGHTIER THAN THE SWORD

We generally take the word 'mightier' to mean very powerful in a physical sense. The great military conquerors like Alexander & Napoleon are still regarded as among the mightiest men of the past. The empires that Rome and Great Britain built up were called 'mighty' because of their military power. Even now the U.S.A. the U.S.S.R. and Germany are called the 'mightiest' powers of the present world. And the sword or military strength is at the root of all the 'mightiest'. In Contrast to this, the pen is a very humble instrument. So, to say that the pen is mightier than the sword may seem an impossible statement.

Still the proverb, like all other proverbs, states a very simple truth. Here the words 'pen' and the 'sword' stand for the 'writer' and the 'soldier'. The proverb, therefore, means that writers and thinkers exercise a much greater influence—wider and more enduring—on men and the world than any military conqueror. Let us take up the greatest generals of the past. But the empires they built up were limited. And even these limited empires passed away almost with their death. But Aristotle, Socrates, Plato, Homer & Dante still rule the mind of men everywhere. Our own country too had many mighty emperors. They and their empires are all gone; but Valmiki and Kalidas sway our minds yet. Rabindranath's empire has been extending to distant corners of the Earth.

In the military sense too writers sometimes exercise a greater and a wider influence than a general. Let us take writers like Rousseau, Voltaire, and Karl Marx. Their writings inspired revolutions in France and Russia.

Human civilization is going through a huge crisis. There is a mad race for deadly weapons to annihilate mankind. In times like these, man's only hope lies in firm faith in the truth of the proverb - "pen is mightier than the sword". It will make humans leave the ways of violence and take to ways of freedom.

THE SAINT OF THE NEEDY

Everyone in the world knows the name of Mother Teresa, though many years elapsed since the mother left us. She died at the ripe old age of 87. Yet, her loss has overwhelmed one and all, beyond description because she was the people's mother.

Her resolve to serve people for the cause of humanity, particularly the poor, the sick and the orphan,

found expression in her founding "The Missionaries of Charity" in Calcutta in 1950. She spread her humanitarian services to over 100 countries in the world.

In her more than 60 years of missionary career, Mother had shown to the world, the true meaning of service through her compassion, love and peace. In fact in her noble and pious deeds, the ultimate sustenance was drawn from God. Mother had redefined her role as a missionary par excellence. People from all walks of life received her blessings and benefitted from her orphanages, homes for the old and the destitute.

Mother was a living legend. She never refused to help anyone who approached her. Her life was a shining example of supreme sacrifice and selflessness. She had only two sarees and a bucket to call her own. She was the Mother of the masses if ever there was one. She transcended all barriers of caste, creed and colour.

As an apostle of peace and love she was perhaps unparalleled in the 20th century and Pope Francis declared Blessed Mother Teresa of Calcutta a Saint in St Peter's Square at the Vatican during the canonization Mass. This was preceded by events including a 'family feast' for the poor, a musical about the life of Mother Teresa, Masses and prayer vigils.

Mother said, "Love has no meaning if it isn't shared. Love has to be put into action. You have to love without expectation to do something for love itself, not for what you may receive. If you expect something in return, then it isn't love, because true love is living without conditions and expectations."

The best tribute we can pay to her is by helping her institutions with moral and material support.

AN OPEN LETTER TO ALL THE TEENAGERS...

Hello Teenagers!!

Teenage is scary, right? I know most people around you make you believe that you are lazy, selfish and greedy. I know people feel, you do nothing but just post those pictures on Instagram and all you do is talk to your friends whole day. I know you are tired of this race but I want to tell you that you guys are awesome. You need to realize, you are so different. You have an endless passion, which you believe in. This age is all about friends and love. But remember, people change. And yes, friends change too. So learn to enjoy the moments you have now because trust me, there is no friendship like the one you have in school. The most important thing you need to remember is to-- never change who you are, never try to be someone you are not. Do not worry about life and future because the path of life will take you somewhere you never expected and will get you what you always wanted. Don't let small minds convince you, that your dreams are too big. Follow your heart, it knows the way. You'll do what you have always wanted to. So stop feeling you are good for nothing, stop feeling weak; feel your feelings and don't crush them. Know your strength and weakness. Focus on being the best version of yourself. Remember you are a strong person who has already faced many ups and downs of life, remember you have a big heart filled with kindness. So, remember to embrace your insecure, scary, courageous and passionate teenage years fully, for they will not happen again.

My Wooden Cart

Through the green meadows
Through the hazy fields
My cart was running up and down
On its four wheels

Up and down, up and down
Just like the rollercoaster
I rode in the amusement park
But it was just a wooden cart

I could never forget that day
On my wooden cart free
I saw stacks of hay
And cows grazing the greens

Through the green meadows
Through the hazy fields
My cart was running up and down
On its four wheels

Water essential for life! Save it!

The leaky tap drips day and night,
Just fix it right or shut it tight,
It seems the earth has water abound,
But think! Its every drop that really counts.

The tap is on, you brush your teeth,
The bucket overflows, you soap your feet,
Just think of all the water lost!!
To close the tap, how much it costs?

The water bottle you take to school,
The water in it is nice and cool,
You drink a bit, rest you throw,
The water could help a plant to grow.

So, save water and do your part,
You be thoughtful and smart!
Let the water – the liquid of life last!!

Heal the Earth

Be it Jharkhand, or Uttarakhand,
AP, UP, or MP,
They are less known for their beauty,
But more for their poverty.

Over population and illiteracy is a growing menace,
Rising populations are turning cities into a furnace.

The grip of poverty and poor sanitation has to be loosened,
And the path to poverty alleviation and hygiene has to be chosen.

Let's educate the masses to eradicate superstition, malnutrition, and backwardness in the society,
This will help more and more people escape the wrath of poverty.

Each one - teach one, Swachh Bharat missions will help in increasing pace,
To make India a clean, beautiful, and sustainable place.

To let our country keep shining, stop whining!

Motivate the people to keep clean, and encourage family planning!

A Silent Tear

Just close your eyes and you will see,
All the memories that you have of me,
Just sit and relax and you will find,
I'm still there inside your mind.

Don't cry for me now that I'm gone,
For I'm in the land of song,
There is no pain, there is no fear,
So dry away that silent tear.

Don't think of me in the dark and cold,
For here I am, no longer old,
I'm in that place that's filled with love
Known to you, as well as "The up above"

O CRUEL EXAMINATION

O Cruel, Cruel Exam
You have no mercy in your arms.
You are the disturber of our sleep,
Your arrival alone makes us weep.

You are quite a hateful thing!
You do not let the students sing,
Their song of love and of thrill
You snatch away with a killing chill.

The beautiful faces show no joyous looks.
The pious desire, Not to study but to shirk,
Has all been shattered under heavy work?
Will you not take pity on us and be kind,
And suggest a new method of testing our mind?

POLLUTION

Why does this happen?

Why don't the eyes of people open?

The vehicles moving all around,

Produce smoke and sound.

The crackers burst with lust,

For the earth, it is not just!

From God, humans got the most,

But, to his creation they give the worst.

The skies have turned grey,

Dark is the night and so is day.

See, what the humans have done!

I wish, it could all be undone.

Cough! Cough! Cough!

Oh, I have had enough.

Please give me some fresh air,

This smoke is hard to bear.

Stop this for heaven's sake!

My Dream

I have a dream that one day, men and women will be treated equally, that women from all over the world will be able to stand up to dominating men, that men will get over their feelings of misogyny. I want women to be able to walk down the street without being called out to, honked or whistled at from cars.

I want women in India to not be placed under restrictions when her husband dies, for why men should be so sacred? I want women to show as much skin as they want and not have to suffer any consequences. I want this society to not be patriarchal anymore.

And for this, we women need to stop blaming men. Yes, patriarchy and misogyny exist due to chauvinistic men. But who raise these men to be like this? We, women! So, who are we fooling by not realizing that we are just as much at fault. If you, as women, don't raise better men, if you don't stand up for yourself, then you're part of the problem not the solution.

Family: Special Bonding

*When I was a child,
I began to see
I had a beautiful family
That is always there for me.*

*There's special kind of closeness
that family only knows,
It begins with childhood trust
and deepens as we grow,
Of all the treasures,
life may bring, my family means the most,
Whether near or far apart,
that love will hold me close.*

*Family ties are precious things,
Woven through the years
Of memories and togetherness
Of laughter, love and tears.*

*It's remembering and forgetting,
Loving and arguing too,
It was God's plan from the start
And it's still holding true.*

*It's known, there will always be,
At least one person on my side
Who'll listen to my problems
And go along with me for a ride.*

*Together we've opened the windows,
And unlocked the hidden doors
We've been each other's anchor
As we sailed emotional shores.*

*Since I was just a little child
I had been so very blessed
To have a special family
You simply are the best.*

I CAN DO IT

*People may count me as hay, I will prove myself,
However long may be the way, I will prove myself.
There might be thousands of pins ready to pinch
But I will not give up, I will prove myself.*

*My quietness is just a nature
I will prove myself across the way,
The ships of success will take me away,
Whatever may be grey in my bright way,
Shall not wait to block the golden ray.*

*I will prove myself with a
smile on my face
Keeping lots of kindness and
pace,
I should be the person of
great harmony and obey,
I will prove myself by working
hard night and day.*

FRIENDS

*We can find friends everywhere,
But true friends are very rare.
Friends stand in misery and pain,
They do not leave us alone.*

*They make us happy and gay,
Sometimes argue, sometimes play.
They lead us on the true path
That we may always succeed.*

*They never misguide and mislead,
They always light the way we tread.
I am lucky to have such a friend,
I feel proud of you my dear friend.*

JOURNEY OF MATHS

Journey of Maths began in Pre-School
Where counting was Maths' only tool
Next station was Pre-Primary
Where concepts of Pre-school
were deepened by a fairy
Moving on we entered class One
Addition and subtraction were so much fun
Journey continued, we reached class Two
Concepts like multiplication were so new
Next station was class Three
Where we learned division and geometry
Class four and five, problems were complex
So many questions to find Mr. 'X'
Class Six was our next station
We learned new concept of mensuration
Class Seven was the next junction
Where we were taught construction
Next we reached class Eight
Rational Numbers opened the gate
Class Nine had so much difficulty
Easiest I found was Probability
Finally we were in class Ten
Questions of Trigonometry were out of their den
Class Eleven was the last but one station
Which had concepts like conic section
Class Twelve: We reached the last station
We were taught differentiation and integration
Importance of Maths is widespread
Most people dislike it, that's very sad
If you love Maths you'll be a master
Else your life will be a disaster

CORRUPTION

Corruption is like a disease,
Which is everywhere in the breeze.
Everyone needs to think about its ease,
Because we only have the keys.

It is a two-way process,
One gives bribe and the other accepts.
Let's pledge to fight,
And keep everyone away from this plight.

Corruption is like a termite,
Eating everything day and night.
Everyone needs to stand together,
To prevent this menace from spreading further.

25 GLORIOUS YEARS

25 long years have passed but still it seems to me that just yesterday I entered the school. I find myself with the same freshness and feeling because of you my dear students. This is the beauty of our profession. We always remain young and enthusiastic as we get energy by seeing your smiling faces. Whatever I am today, I owe my success to Rosary School. I am indebted to our management, all the principals and all the headmistresses who showed their trust in me and allowed me to grow.

REALITY OF LIFE

Existence itself is a difficult task. To take your first step or your first breath takes courage. It is so easy for people to take you for granted or hurt you, but we are also capable of hurting them.

We are constantly making decisions, but not all the decisions we make are good ones and ultimately what others can do affect us deeply.

As we grow older life can seem a lot more difficult and problems become tougher to handle. In our lifetime we will face many difficult situations, such as lowpoints or highpoints, family problems, unemployment, drifting apart from friends, bad relationships, etc. It is how we deal with these situations that shows our true character and what we are really made up of.

I conclude by saying- To every one going through struggle and pain right now, keep your heads up and keep smiling. In these times put everything else aside and take care of yourself. Be a little selfish. Say no when it's necessary

Stay positive. God heals all.

UNITY IN DIVERSITY

'Diversity is not how we differ. It is about embracing one another's uniqueness.' When we talk about the word diversity what comes to our mind is our country- India. In our country, we have people from different religions, languages and cultures. The land forms, climate and the food habits are also different. Yet, we all are united as the citizens of India. We do not allow any of these differences to come between each other. We should be proud of our rich culture and stand unitedly. When the British ruled India, people from different cultures and religions came together, to oppose them. Today, certain anti-national forces are trying to disrupt the unity of the country. We should bury our differences and work in unity to make our country a better place. India is a great nation which is home to different faiths, cults, lifestyles, beliefs and religions. Unity and Synthesis are the embodiments of Indian culture. In the end, we should remember that the beauty of the world lies in the diversity of its people. So let us use it as a strength to make this world a better place to live in.

Who draws and sketches too,
You will be the next PICASSO you see,
But I want to be the first me.
Many say there is a good dancer inside you,
Who has the power to break through.
The next SUDHA CHANDRAN is in your heart you see,
But I want to be the first me.

Many say there is a good singer inside you,
Who can conquer the seven notes through.
You are the next LATA MANGESHKAR you see,
But I want to be the first me.

Many say there is a good conqueror inside you,
Who can change the heart and mind too,
You are the next SUBHASH CHANDRA BOSE you see,
But I want to be the first me:

YES they all are best in their selves,
They won everybody's heart and conquered themselves;
But they were themselves as the first you see,
So I want to be the first me.

SUN: A NEW HOPE

In the morning, when the sun glows,
It showers its light very slow,
In happiness the wind blows,
And when the birds wake up
With their enthusiasm, they want to shout
and tell everyone to cheer up.

This morning with new hopes and
Better amiabilities to cope up,
Let's just fly with that level of freedom,
Where sky is the limit,
With the aim to reach up.

And then up there with happiness we'll
scream,
When we would have fulfilled our dream,
Of a world with happiness all around
In an ocean of joy, all souls will be drowned.

COFFEE STALL

With each day and each troll,
Loved by one, loved by all,
Life is like a coffee stall.
Sometimes hot and boiled with pressure,
Sometimes cold like the dream treasure,
With each sip it is loved by one, loved by all,
Life is like a coffee stall.
Sometimes served in a sweet, small mug,
Examines your way, examines your luck,
With each mug it is loved by one, loved by all,
Life is like a coffee stall.
Sometimes served in a mug so big,
Sometimes we feel happy and sometimes sick,

With each feeling it is loved by one, loved by all,
Life is like a coffee stall.
Sometimes it is served so sweet,
Teaches how to behave and how to greet,
With every teaching it is loved by one, loved by all,
Life is like a coffee stall.
Sometimes it is served so bitter,
When everything in our mind gets littered,
With change of mind it is loved by one, loved by all,
Life is like a coffee stall.
With each day and each troll,
Loved by one, loved by all,
Life is like a coffee stall.

True Friendship Lasts

Whatever- living close together
Or being far apart
Your friend is with you
In your mind and heart.

One comes into your life
as an unwelcomed face
Not knowing the friendship
they would one day embrace
Which would blossom
like a rose with God's grace.

In good times and in bad,
The bond will endure
Moments happy and sad,
And the love will be pure.

The secrets are treasured by a true friend
Safeguarded by the strongest lock
Of trust and faith.

A beautiful journey
Like a road with no end
Is what life is
When lived with a real friend.

So to all my friends-
You mean the world to me
I am proud having you as not just a friend
But a philosopher, a guide and much more
Friends we are, forever we will be!

The Girl I Found

I know this girl from the time I was small
Our friendship is now 13 years old
Through the lows and through the highs,
She has been there all along the tides.
I don't know what kind of bond
I've made with her
Her smile is like a pearl to me,
When I am the reason for it
Feel like I've earned a pearl for me
We have shared our darkest secrets
feeling no shame.
We will tell each other the truth,
Even if we were to blame
We have always found
the right words to say,
To help us get through any dreadful day.
She is like the chorus to my rapping,
Like the other hand to my clapping.
13 years passed like turning of a switch,
I wish, we could relive those days, that we
together cherished,
I know, a day will come
when you will forget,
And have a life for your own.
Thinking of you not being with me,
will make me sad
But at least I'll have our memories to reminisce,
And make myself glad.

The river in which....

The river in which,
People would have lived their lives.
I don't know,
Was it just water or blood from knives.

The river in which,
People would have slain the animals.
I am sure,
Long time ago there would have been
carnivals.

The river in which,

Whites were superior to the blacks.
What can I say?
The importance of human life was equal to sacks.

The river in which,
One day rich and poor will stand together.
That day will mark the end,
Of this festival forever.

CHRISTMAS (ENGLISH VERSION)

When I was little, I thought so little.
The days of December, I'll always
remember.
The wishes in the socks, came to me by a
knock.
Getting up and looking, at all the gifts
and goofing.
Decorating my Christmas tree, is my
happiest memory

When I got young, my tree got old.
Those days are by and that makes me cry.
There is still that illusion, which creates
no confusion.

This year who will come?
Is my Santa really gone?
Is my Christmas really ruined?
Is this the final reality?

Should Hair Dyes be used?

A E U S T A C H I A N T U B E

Many women and men see their hair as an important aspect of their physical appearance—a fact deeply reflected in hair dye's continued popularity. While this isn't inherently a bad thing, the more we learn about chemical based dyes, the more we realize that exposing our bodies to these toxins is counterproductive to living a healthy life.

SOME INTERESTING FACTS ON HAIR DYES:

- 1) Natural hair dyes originated from plants in 1600s (like henna).
- 2) The French chemist Eugene Schuler invented the first synthetic hair dye using a new chemical called paraphenylenediamine. He started selling these and founded the famous L'Oréal Company.
- 3) Hydrogen peroxide and ammonia are used to prepare hair dyes. Together they are responsible to lighten the natural hair colour. Hair dyes also contain phenols and aromatic amines.
- 4) Hair dyes contain over 5000 chemicals.
- 5) Chronic exposure to hair dyes increases the risk of developing rheumatoid arthritis, which causes intense swelling between joints.
- 6) These chemicals can cause methemoglobinemia, a discoloration.
- 7) You all must be thinking that bright and light colours would cause the most harm but it is exactly the opposite. The darker the hair dye the more dangerous it is due to presence of lead acetate.
- 8) Colouring hair elevates the risk of developing lymphoma (cancer)
- 9) It is recommended that one shouldn't shampoo immediately before colouring as this will remove the natural oils that protect your scalp during the colouring process.
- 10) Hair dyes also trigger asthma.

So, one should try to avoid using such chemicals for sure. Hair dyes help you to elevate your status in the society but one should always embrace and respect oneself because health is greater than everything.

WHAT IS LIFE ?

Life is not a race, find joy in the journey
Success matters more than the money
Live every moment, enjoy every second
Don't run in the race named life, it has no end
Enjoy life; it's the only one you have got
Time is limited, another moment can't be bought
Journey matters not the destination
Be good whatever may be the situation
There may be ups and downs in life, face them with positivity
Whatever you see may not always be the reality
Treat others as you yourself want to be treated
This way a beautiful life can be created

I want to live free

In this world of rules I want to live free,
The thing that I do wrong is only what they see.
People stop me from singing songs,
The things that I do right they even make that wrong.

For your rights and needs you have to say,
They will not understand and afterwards you will pay.
I want people to support me like a branch of tree,
When I was in need no one was there that's why I want to live free.

People won't understand, by their words I am affected,
My feelings and my way of life is always rejected.
It's not about you, yours and yourself it's about myself,
mine and me, I still hope that one day I will live free.

BRINGING SMILE ON MOM'S FACE

I can imagine that smile,
Which was there on her face
when I was born.
I can imagine that smile,
Which was there on her face
when I first spoke.
I can imagine that smile,
Which was there on her face
when I took my first step.
But that smile came along with
some pain as well,
When she saw me falling down,
But happiness and satisfaction
always mounted like a crown.
Then the time flew like a ride,
Making me more worldly wise.
But that selfless and calm smile
Never fades even for a while.

GRATEFUL 25 YEARS CELEBRATION

25 years, doing a job with the same energy, enthusiasm, vigour and dedication is not at all an easy task to do. We have to thank the existence because, these 25 years were the peak time in our lives- for Rina Bernard, Poonam Gandhi and myself. We would like to thank the Almighty for giving us such a wonderful life. At this moment I would like to remember Late Rev. Father Joseph Kudilil, for appointing me and supporting me in the initial phase of my career. Thank you Father, I know that you are listening to me from above. I also remember all other principals under whom I have worked, namely Fr. Joseph Vadakumcherry, Fr. A. Alphonse, Fr. Sabu Joseph and specially Fr. Vincent D'Souza. Thank you Fathers, without your support it would have been impossible to complete these 25 years.

Next I have to thank all my students, from 1992 to 2017. They all have contributed to my life in some way or the other. When I am with you I feel so happy and never feel, that I am aging. Last two weeks I was observing the class 12th students who were preparing for today's event eagerly and with dedication, I want to thank you all from the bottom of my heart.

Talking about my profession as a teacher, I don't know whether I am a successful teacher or an excellent teacher or a bad teacher. All I know is that I give my best. It is said that when you do a work, that you like it becomes a passion, but when do a work that you don't like it becomes a burden for you. Teaching is a passion for me because I love my job; and that is why, I resigned my job from India Today and joined Rosary School.

When I got an opportunity to become a teacher, I became one, because I knew that life is a series of opportunities and whatever opportunity you get, if you try to do your best, with a spirit of dedication and devotion, you will surely have the blessings of the Divine. Whatever work you undertake, whether

small or great, if you throw yourself into it with a spirit of dedication; you will achieve some high standards of excellence. It does not matter whether you succeed or fail. It does not matter what follows, you will have done your duty best. That is what I have been doing all these 25 years.

I do not know what you think of me or what you talk about me, but I know 'what I am' and that 'I am' is wonderful. This way of thinking will boost ones, self-confidence and self-respect. You are a unique person and you don't need to compare yourself with some other person whether he is doing better than you or you doing better than him. Your work defines you and that is why you are unique.

It is good to have a little spirit of sportsmanship and that is what we all are lacking today. Sports and games teach us, that one should take defeat or disappointment with a smile. It is not possible for us to succeed in every field of life. And in this connection I want to remind you that if you think that you are good, don't forget that the better do exist, and if you think you are better, then don't forget, that the best do exist. If you think that you are the best, never forget that there are many good and better, getting ready to be the best as nothing is permanent. You can't win every time.

Success or failure of my students is not in my hand, it is very well in their capacity and in this context let me tell you that 'To perceive is one thing, to see what you perceive is another, to understand what you see is third, and to learn from what you understand is still greater. But to act on what you learn is really what makes the difference. Life will never give you success directly, it can only provide possibilities and opportunities, and it is up to you to convert it into success. Let me conclude with the words of Bernard Shaw, 'Life is not a brief candle for me, it is sort of a splendid torch which I have got hold of for the moment and I want to make it burn as brightly as possible before I hand it over on to the future generations'.

Mr. Raju K.C.

WORDS ARE PRECIOUS

"See that girl who is standing there
Oh God! Look at her dirty hair"
"And that guy is so gross
He always acts like a boss"
"Please don't remind me of him
He really needs to throw his ego in a bin"
"What are you saying? She failed in the test!
Aah! She used to claim that at this subject she's the best"
While reading these lines something did you feel?
When you passed such comments;
did those moments flashback like a reel?
Whether we accept it or we deny this true fact
intentionally or unintentionally each and
every one of us have done this in fact.
Did you ever stop and reflect for a minute
that our single line can hurt someone to what extent.
Who are we to pass a comment?
When we don't even know what they have been
suffering and felt.
Words once said can never come back
Sorry will definitely help but can never heal the crack.
Remember what you do comes back to you
if you hurt someone; someday someone will also hurt
you.
Everyone wants to be respected
Maybe not appreciation but well-mannered
behavior is definitely expected
If you can't say good to someone better stay quiet
Don't take away their happiness; smiling is their right.
Make sure you don't become the reason for someone's
tears
so you never know that wound you created might not
fade for years.
Today let's make a promise to ourselves.
The next time I will try to find out flaws in someone
will be in me;
in my character;
in my actions and no one else's.

COUNSELLING A WAY TO HEALTHIER MIND

"People start to heal the moment they feel heard."
And this is exactly what counselling is all about. Giving
a definition to it, counselling is professional guidance
needed in order to resolve personal issues.

There is a big misconception that people with some
sort of mental imbalance need and go for counselling
and this misconception largely lies within Indians and
this mentality needs to be changed. People need to
understand that anyone who wants to talk his mind
out and share his problems looking for possible
solutions can go for counselling.

Counselling can help people in many ways. Naming a
few, counselling can help people overcome addictions,
bereavements, illness etc. and can help in solving
relationship problems. Moreover, counselling can help
people understand themselves better and the way
they think, which will help them develop a clearer
understanding of their problems. Sometimes an
individual starts to isolate himself from the world
outside because of frustration due to some reasons
and situations which can further cause depression.
In such cases, going for counselling is the best option
as a counsellor has an experience in personal therapy
and hence can understand and see what people find
helpful or not helpful.

Having had a personal experience, counselling helps
in developing a positive mindset and opens our mind
towards greater possibilities in life and it also
persuades an individual to give more thoughts on his
actions and its upcoming consequences.

In the end, I would like to say that counselling is not
a job to judge. It is not a job to figure out if someone
deserves something. It is a job to lift the fallen, to
restore the broken and to heal the hurting.

FLY HIGH

When I entered into this world of unknown
I was welcomed with thorny hearts that
cursed and abused
Just because the news spread like fire that
it was not a baby boy
I was not allowed to learn and play
Just because I didn't know the way men
dressed
And was told to do household chores
Which my mother was doing from a very
small age
Everyone forced me to get married as soon
as
I entered my golden age.
And then I was loaded with more and more
pressure.
I forgot to sleep and smile and gradually
learned to weep and cry
I was treated like garbage, thrashed and
thrown out
Evil men took my beauty away and my will
to fight was
completely destroyed
But now I have escaped from the jails of
the inhuman
So that I can reach the highest peak of
success.
Because this time it's not me
But my daughter who is going to fly high.

PHOTO POLLUTION

Nowadays everyone would be familiar with the terms air, water or noise pollution.

But have you ever heard the term photo pollution? If you haven't then you need to be aware of what's happening around the globe.

Well photo or light pollution simply means unwanted light going into unwanted direction.

You might have noticed at night, when you decide to sleep and switch OFF your light bulb you can easily see things around you.

Well that's because some amount of light from neighbours house or street lamp is entering in to your house.

What's the problem in that? Well there's a problem.

If the light from the street lamp enters your house then it might be going somewhere else also.

Where is it going! More than 75% of light from street lamp goes to undesired locations.

The major portion of it is the sky! Have you seen an orange glow in the sky? You can probably note it in major urban centers but its rarely visible in rural areas.

This phenomena is called artificial sky illumination.

This is the major problem for astronomers and stargazers as it makes visibility of stars difficult.

Now a days, most of the people around the globe can't even see our Milky Way galaxy which was easily visible during the 20th century! This artificial lighting can even cause serious damage to humans and animals.

It can interfere with their sleeping pattern. Hence can cause serious damage to their brain. Innovative methods are needed to stop this photo pollution!

ROSARY SCHOOL

Our dear Rosary School
It's a pool
Of knowledge and education.
It serves as a preacher
And imparts knowledge as a true teacher
Of service and charity
And makes us learn with full clarity.
It serves as a doctor,
78 | 2017-18

For a healthy mind and body.
It serves as a gardener,
And nurtures a sapling into a tree.
O dear School,
Thank You for making the parents stay cool
As you serve as a true friend
And teach us that all problems do have an end.

EDUCATIONAL TOUR TO NASA, USA

An educational but fun filled tour to Orlando, Niagara Falls and New York was organised by our school from 9th May to 18th May. Thirty one students along with the Principal Fr. Vincent D'Souza and teachers Mr. Ajit Kumar and Mrs. Caroline visited these places. Our group also comprised students from St. Mary's School and St. Michael's School along with their principals Sr. Elsy, Fr. Sabu Joseph and Mrs. Swati. Travelling with these two schools, we felt as if we were one big family.

First we went to the Kennedy Space Centre where we learnt many things about how things work in space. We also got a chance to have lunch with an astronaut and ask him questions about space.

We went to so many places like Universal Kingdom, Disney land, etc. in Orlando. After Orlando we went to Niagara Falls which is a marvel of nature. We went on the Maid of the Mist, a popular ferry ride which operates at the foot of the Rainbow Bridge.

We also had the opportunity to go to the 101st floor within 59 seconds in the One World Observatory situated in New York. The view was amazing from the top. The walk in the Times Square was an experience of a lifetime with dazzling lights, music shows etc. Students got the opportunity to visit Madame Tussauds Museum and observe the art of sculpting of various personalities and legends.

The students found this educational programme as an amazing learning experience fostering independence, taking responsibilities and interacting with NASA scientists.

This tour was possible because of the initiative taken by our school principal Rev. Fr. Vincent D'Souza and our School Manager, Rev. Fr. J. Rebello. We thank them for being always there to guide, support and direct the staff and the students.

SUMMONED HEROES

*"Quartered in snow, silent to remain, when the bugle
calls they
shall rise and march again"*

*About few weeks ago, to my embarrassment, I learned
the true*

*meaning of pledge taken in school "To my country and
my people*

*I pledge my devotion. In their well being and prosperity,
alone lies my happiness".*

Diwali came a little early this year, the day when surgical strike took place. I could see the whole nation come together as ONE FAMILY.

Happiness in the eyes of many was massive and sparkling. It was then indeed the moment I realised the true meaning of the lines mentioned above.

The fear of death strikes many but not the ones at the border.

They fight the fear of death every moment. The role which a soldier plays in defending

and protecting the borders of India is really unparalleled. His life is filled with difficulties.

He walks on the carpet of thorns just to keep us unafraid.

On him depends the security of the nation.

He fights to the last, in order to save his motherland.

He faces death everyday and so is not afraid of it.

He defeats death till the day his mission is accomplished.

Ever thought of those children who wait for their father to return

from their mission or a wife who just

got married but has no memories to cherish.

Somewhere far on the border...when a soldier sleeps,
missing his loved ones...he silently weeps.

He is not the one who has joined the army to earn his livelihood but

one whose heart overflows with

patriotism. He is filled with immense love for his motherland.

There are two sorts of heroes-

"THE REEL HEROES"...who I suppose are the idols for most of the people in the world whereas "THE REAL LIFE HEROES" are the ones who serve our country selflessly.

So, respect the heroes at the border who serve our country.

Because... LOVE DEMANDS COURAGE!!

DEDICATED 40 YEARS

It gives me an immense pleasure being associated with Rosary School for the last 40 years. I started working when this school was situated in barracks, where the church school is now. Our office was in the barracks and the senior building was under construction. The Primary wing and the church school came up in front of me.

For my journey of 40 years, I would like to thank the Almighty for keeping me in good health, my parents, my dad who is no more and my ailing mother for what I am today.

I would like to thank the Management of our school the Delhi Catholic Archdiocese, our School Managers, all the former Principals, Late Fr. George Panakal, Late Fr. E.D. Sebastian, Late Fr. Joseph Kudilil, Fr. Vadakumcherry, Fr. Alphonse, Fr. Sabu Joseph and our current Principal Fr. Vincent D'Souza and all former and present Headmistresses for showing their trust in me.

I would like to thank our former and present teachers, Mr. Steven and his team. Special thanks to Mrs. Leena Francis who is retired Late Mr. Bose and present office colleagues, Mr. Rajneesh, Mr. Jobin and Ms Inakshi for their continuous support and co-operation.

Last but not the least, my wife Alka and my daughters Sheryll & Rochelle, who have passed out from this prestigious institution.

Thank you very much for accepting me as I am.

GOD BLESS YOU ALL!

Art Gallery

'Art speaks where words are unable to express.'

There is no doubt that art is fun for kids but it also gives children a way to express themselves and think creatively with an open mind.

They are highly creative and imaginative. These are their ways to express emotions, convey ideas, explore colours and share experiences.
